

H. D. SMITH TO BE REMOVED

From Postoffice at Fordsville--J. J. Tifford May be Successor.

Owensboro, Ky., Oct. 25.--It became known in Owensboro on Tuesday that D. H. Smith, postmaster at Fordsville, will be removed in a short time. The postoffice inspector who was recently sent to Fordsville to make a report into the allegations made against Postmaster Smith has made an adverse report to the fourth assistant postmaster general. While the case has not been taken up by the head of the department it is well understood that Smith will be removed from his office.

It is alleged that he has paid little attention to the affairs of the office, leaving the same in charge of his son, which is contrary to the rules of the postal service. The department at Washington has not yet received a recommendation in the case, but it reported that the referee of the Fourth district, Ben L. Bruner, favors the appointment of J. J. Tifford to the office, in which event the appointment of Tifford may be expected at any time.

A Cough Syrup which drives a cold out of the system by acting as a cathartic on the bowels is offered in Kennedy's Laxative Honey and Tar. Clears the throat, strengthens the lungs and bronchial tubes. The mother's friend and the children's favorite. Best for Croup, Whooping-Cough, etc. Sold by all Druggists.

Best Keifer Pears in County.

Mrs. R. L. Newsom, of this city, has the reputation of having raised the best Keifer pears in Breckenridge county this year. Mrs. Newsom has a very large tree in her front yard. The tree is young and yields a remarkable abundance of fruit considering its age. No more beautifully shaped tree of its kind can be found in Cloverport. The yield and the splendid growth of the tree are both due to the personal care that has been given it by Mrs. Newsom.

Fast Freight Run on L.H. & St. L.

All fast records on the L. H. and St. L. road were shattered Wednesday afternoon by train No. 65, the through freight due here from Louisville at 4 p. m. The train, pulled by engine No. 19, was fifty minutes late, arriving here at 4:50. The distance from here to Henderson is only twenty-nine miles and the fifty minute tardiness was made up in that number of miles, the train arriving in Henderson on schedule time. On the straight road below

A rich man died the other day. He left his family \$1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by eating rich meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was falling in its duties."

The symptoms of a disordered stomach, among others, variable appetite, sourness, heartburn, undue fullness after eating, dull headache, dingy complexion, colored eyes, fluctuations in physical health, nervousness, sleeplessness, dizziness. No person will have all these symptoms at once. Restoration of the stomach to sound health begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery." These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Stanley the time for twenty miles was eighteen minutes, which is the fastest ever made on this road.--Thursday's Owensboro Inquirer.

Many Sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-alleviating Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c., including spraying tube or mailed by Ely Bros., 56 Warren Street, New York.

R. N. Hudson Delegate to National Mining Congress.

R. N. Hudson, of this city, readmaster of the Henderson Route, has been appointed a delegate to the National Mining Congress, which meets at El Paso, Texas, from November 14 to 18, of this year. The appointment of Mr. Hudson was made by Governor Beckham last Wednesday. He will be a delegate from the State at large. A number of other delegates were appointed by Governor Beckham Wednesday but none from this section of the State except Mr. Hudson.

Catholic Church Frescoed.

The interior appearance of St. Rose's Catholic church was greatly improved last week by being frescoed, Coenen Bros., of Morgantown, being the contractors. The walls were done largely in pea green and the sanctuary in pink, artistically shaded.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by all Druggists.

Hancock County.

(Clarion.)

Judge John S. Adair came down from Stephensport and spent Tuesday night.

Mrs. Eva Keown and children, of Breckenridge county, visited her father, W. H. Boling, at Pellville, a few days last week.

Mr. and Mrs. W. T. Morelock, of Lewisport, will leave about November 8 for Falls of Rough to spend the winter with their daughter, Mrs. George Evans.

Mr. and Mrs. Charles Clemens, of Cannelton, and Misses Mary and Margaret Kelly, of this city, spent Sunday at Addison, Ky., with Mrs. Morgan.

Lee Henderson, of near Lewisport, was in town Saturday delivering a fine five-year-old mule to Vic Robertson, at Cloverport, for which he received \$160.

Mr. Harry Board, of Louisville, and Miss Board, of Holt, were guests of Miss Cooper Sunday.

Miss Ada Brown, of Victoria, was to Mook on Saturday to sit for a portrait.

Pate Bros. moved their saw mill to Victoria recently and are sawing a lot of lumber.

Comparing this community to nearly all others in the United States, it is a remarkable fact that the city of Hawesville, the school district and the county of Hancock are all out of debt and have a surplus in their respective treasuries.

Capt. Ryan in Charge of Boat.

Capt. Marion Ryan with his crew of workmen landed here last Sunday from Louisville with the government dredge-boat Gillespie and outfit, and on Monday began the work of dredging the channel in the river at Fulton below the city for the purpose of deepening it so that boats can get through all right. Another dredge-boat is at work with a crew between here and Louisville.--Cannelton Telephone.

THE PLAN OF ORGANIZATION

Of Tobacco Growers Puts County Committee in Control.

A plan of organization for the coming season has been adopted by the National Tobacco Growers' association, a branch of the American Society of Equity, which recently held its second annual convention at Owensboro. The plan of organization is as follows:

"The plan of organization is that each county organize by magisterial districts that each magisterial district choose an executive committee of five and the chairman of the several magisterial districts to constitute an executive committee who shall control the tobacco of the county, and make all necessary arrangements for pricing, storing, advances, if necessary, also for collecting and distributing the proceeds of the tobacco when sold, or when there are several counties producing the same type of tobacco we recommend the chairman of the several county executive committees shall constitute a district executive committee who shall control the district as the former case was recommended for the county.

"We recommend the continuance of the present form of organization with the addition of the office of a vice president and that the executive committee be enlarged to seven members, whose duties it shall be to act as an advisory board with the president in conducting the affairs of the association and with the present office of secretary be combined the office of treasurer of the association."

Boy Prevents Serious Accident.

While Hamman's delivery wagon, loaded with things for the Larkin Soap social, was ascending the steep street near the Sanders property, on the schoolhouse hill, Thursday, an accident happened that might have resulted seriously if it had not been for the pluck of Fred Newton, one of the drivers. Near the top of the hill the singletree gave way, and the wagon started down the hill, leaving the horse standing. Young Newton sprang out and grabbed the speed of the wagon, though it dragged him nearly to the foot of the hill. Joe Graham was in the wagon with the two little children of Mr. and Mrs. Alvin Simons, whom he held until all were dumped out near the foot of the hill by a wheel running into a ditch and turning the wagon over. Neither of the boys or the children was hurt.

In Time of Peace.

In the first month of the Russian-Japan war we had a striking example of the necessity of preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures for colds and it should be kept at hand ready for instant use. For sale by Short & Haynes, Cloverport.

Remarkable River Season.

River men pronounce this season the most remarkable in the history of navigation on the Ohio river, navigable water being continuous for many boats. The recent season started several million bushels of coal south.

Amendment to Constitution.

To be Voted on November 7.

On the right hand side of the ballots for the election on November 7, will appear the proposed amendment to the State constitution, in accordance with the provisions of section 1459 of the statutes. Just above the printed amendment will be the following question: "Are you in favor of the following proposed amendment to the constitution?" To the right of the amendment, near the top, will be the word "yes," and below the word "no," with a square, for the voter's stamp, following each. The proposed amendment is as follows:

"Section 147. The General Assembly shall provide by law for the registration of all persons entitled to vote in cities and towns having a population of five thousand or more; and may provide by general law for the registration of other voters in the State. Where registration is required, only persons registered shall have the right to vote. The mode of registration shall be prescribed by the General Assembly. In all elections by persons in a representative capacity, the voting shall be viva voce and made a matter of record, and all elections by the people shall also be viva voce and made a matter of public record by the officers of election, according to the direction of the voter. The word 'elections' in this section includes the decision of questions submitted to the voters, as well as the choice of officers by them. The first General Assembly held after the adoption of this amendment shall pass all necessary laws to enforce this provision."

A plea for the Australian ballot system of voting, now in vogue, as against the old viva voce system, by Joe Mulhatten, Jr., of Carter's Landing, Ky., will be found elsewhere.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." For sale by A. R. Fisher.

Free Normal School Favored.

The report of the committee on resolutions, at the recent meeting of the Fourth Congressional Educational Association at Leitchfield, favored a free State normal school and change of the present school trustee system. G. L. Crume, of La Rue county, formerly of Cloverport, was elected president, W. B. Arnold, of Meade county, vice president, and Mrs. A. H. Logsdon, of Hardin county, secretary. Next year's meeting will be held at Elizabethtown.

First President to Leave Soil.

New Orleans, Oct. 26.--At the end of nine strenuous hours of varied entertainment in New Orleans, which brought his exceptionally pleasant trip through the South to a close, President Roosevelt at 6:30 o'clock to-night boarded the lighthouse tender Magnolia and began the first stage of his return journey to the national capital. Aboard the cruiser West Virginia, for four days he will be absent from American soil, which has never heretofore happened to a President during his incumbency.
